

PRODUCT DATA SHEET

1. Product identification

Product name	Fish protein isolate FPI® TS (Cod skin)
Batch number	TS040523T
Lot number	SD090523T-1930

2. Supplier identification

Company name	Eagle Enviro AS
Street address	Sørliveien 90
Postal code	1788
City	Berg i Østfold
email	post@eagleenviro.no
Phone number	+47 90649339

3. Product description

FPI® consist of peptides derived from hydrolysed cod skin. In addition to enzymatic hydrolysis, the production process involves solid/liquid separation, ultra-filtration, nano-filtration and spray dryig.

4. Chemical composition

Constituent	% of total FPI	% of Dry matter
Protein	94.5%	98.1%
Fat	< 0.1%	< 0.1%
Ash	1.8%	1.9%
Moisture	3.7%	0.0%

5. Precautionary statement

Product is hygroscopic! Keep the container tightly closed.
Store at a temperature below 25°C and away from direct sunlight.
Do not eat the product!

6. First aid

Inhalation	Remove to fresh air and wash nose and lips
Oral exposure	Wash out mouth
Dermal exposure	Wash skin with soap and water
Eye exposure	Flush eyes with water for at least 15 minutes

7. Hazard identification

GHS classification	Not classified according to GHS
Signal word	None
Pictograms	None

8. Physical and chemical properties

Physical state	Solid
Color	Off-white
Appearance	Spray dried powder, particle size ≤ 25µm
Odor	Slight fishy odor
Solubility	Water soluble
pH	6.2

9. Stability

Product is stable if kept airtight. Contrary, it absorbs water from air humidity, which eventually causes powder to become pasty and sticky. Increasing water activity may also lead to growth of microorganisms.

10. Supplemental information

Production date	04.05.2023
Spraydrying date	09.05.2023
Packing date	09.05.2023
Expiration date	Undetermined

Net weight	12 g
Gross weight	26 g

Direction for use: Sample is intended for R&D purpose only!
